Safe

Living life safe, security
in your own territory, yours
to defend. Keeping it
safe.

Free from fresh ideas, different
ideas probably, so confusing
these words. To keep
out.

Everything that might question
who the fuck are you?
who am I?
why don’t I know myself?

(It's too difficult to question and)
cross-examine doubt?

Andrew Gryf Paterson, originally 1996, restructured into current layout 1999.
